Other Coding Languages

Golang,rust,R

Basic knowledge of HTML/CSS

Known Frameworks

Cybersec framework: NIST, SOC2, GDPR, etc

React next js express node js dart

Next.js (React)

Angular

LangChain / dbt / Wireshark
â€¢ TensorFlow

Tensorflow Pytorch
TensorFlow

Angular

Asp.net

PyTorch / TensorFlow / Keras , Scikit-learn , Pandas & NumPy, ESP-IDF / Arduino IDE, MATLAB / Simulink

Any Comment

Thank you Dr. for this initiative!

Ambitious to learn, a quick learner, with perseverance, diligence, and commitment to work.

Thank you so much, Doctor, for taking the time to provide this form and for your dedication to helping us find o

I have completed coursework in Machine Learning and Deep Learning, where I developed a solid understanding of
Worked in

At the end of this semester I may master Java and AI related skills like data analysis and ML

I prefer RF and Telecommunications

f core concepts such as neural networks, model training, optimization and data analysis. I am currently seeking o

opportunities to gain hands-on experience and further grow my skills in this field.
